# Project List and Range \$12k- \$1M

## Utility Scale Generation

1

- Gigawatt utility scale Wholesale Solar and Battery Storage project portfolio
- Geospatial locating and generation prospecting

In PG&E, SMUD, LADWP, SCE, SDG&E, HELCO, HECO and Tri-State COOPs

## Commercial/Industrial

2

- Solar +Battery Storage Microgrid
- EVCS Deployment
- Community Solar activation
- Pioneering new renewable technologies
- Decommissioning generators and facilities
- High speed rail utility relocation evaluation
- Transportation electrification

## Residential/Specialty

3

- AG pump installations
- Multi Tariff fuel sources
- Community Micro Grids
- Residential NEM
- Residential electrification
- Grants
- RFP circulation
- SBIR Grant prospecting
- Research
